ABSTRACT

The 1973-74 edition of this annual directory lists institutions in the United States and its outlying areas that offer at least a 2-year program of college-level studies in residence or, if nonresident in nature, that are accredited or preaccredited by an accrediting agency recognized for such purpose by the U. S. Commissioner of Education. The information presented for each institution includes its telephone area code and number, address, congressional district and county in which it is located, identification code, fall 1972 enrollment, undergraduate tuition and fees, sex of student body, calendar system, control or affiliation, highest level of offering, type of program, accreditation, names and titles of principal officers, and a coded classification of principal officers by functional area of responsibility. FOREWORD

The 1973-74 edition of this annual directory lists institutions in the United States and its outlying areas that offer at least a 2-year program of college-level studies in residence or, if nonresident in nature, that are accredited or preaccredited by an accrediting agency recognized for such purpose by the U.S. Commissioner of Education. The requirements and criteria for listing are stated in detail in the introduction.

The information presented for each institution includes its telephone area code and number, address (including the zip code), congressional district and county in which it is located, identification code, fall 1972 enrollment, undergraduate tuition and fees, sex of student body (men, women, coed, or coordinate), calendar system, control or affiliation, highest level of offering, type of program, accreditation, names and titles of principal officers, and a coded classification of principal officers by functional area of responsibility.

This publication was prepared jointly by the Accreditation and Institutional Eligibility Staff (AIES) of the Bureau of Postsecondary Education and the Higher Education Surveys Branch (HESB) of the National Center for Educational Statistics (NCES). AIES had sole responsibility for the certification of the eligibility and accreditation of institutions for inclusion in this directory; HESB, for all other aspects of the survey on which the publication is based. However, appreciation is expressed for the advice and counsel of AIES on all aspects of the project, from preparation of the request for information to final publication.

Appreciation is also expressed to officials of the institutions of higher education, whose responses made the directory possible, and to the coordinating officials of the State departments of education who assisted in the data collection and the resolution of inconsistencies.

This directory is also available in the form of a computer tape which may be purchased from the National Center for Educational Statistics.

Mrs. Caroline R. Smith, of HESB, telephone 202-245-8392, may be contacted for assistance in the use of this directory.

INTRODUCTION

CRITERIA FOR LISTING IN THIS DIRECTORY

This directory lists institutions in the United States and its outlying areas (American Samoa, Canal Zone, Guam, Puerto Rico, the Virgin Islands, and the Trust Territory of the Pacific Islands) that meet the following requirements: (1) They are legally authorized to offer and are offering at least a 2-year program of college-level studies in residence or, if nonresident in nature, they are accredited or preaccredited by an accrediting agency recognized for such purpose by the Commissioner of Education, (2) they have submitted the information required for listing, and (3) they meet one of the traditional criteria for listing as institutions of higher education.

The criteria for listing in the directory are as follows:

1. Institutions accredited by a nationally recognized accrediting agency or approved[1] by a State department of education or by a State university are eligible for inclusion.

2. Institutions that have attained a preaccredited status[2] with designated nationally recognized accrediting agencies are eligible for inclusion.

3. Institutions not meeting requirements of criterion 1 or 2 are eligible for inclusion if it can be confirmed that their credits have been and are accepted as though coming from an accredited institution by not fewer than three institutions accredited by nationally recognized accrediting agencies.

"College-level studies," as the term is used here, means a postsecondary program which (a) is wholly or principally creditable toward a baccalaureate degree and/or (b) terminates in an associate degree.

---

[1] This category includes those institutions designated as approved, accredited, recognized, or registered through State programs which include establishment of criteria, evaluation of institutions, publication of a list of institutions that meet the criteria, and periodic reviews for continued approval. It does not include institutions approved for obtaining or amending a charter, for training veterans, or for enrolling war orphans or foreign students.

[2] See definitions under "Preaccredited Status" on p. xi.

ACCREDITATION

The responsibility for the control or supervision of educational institutions in the United States is not concentrated at any single level of government or in any one public or private body or agency. Varying degrees of control are exercised by each State, but institutions of higher education operate with considerable autonomy and self-governance. Therefore, U. S. educational institutions vary widely in the character and quality of their programs.

A unique feature of U. S. educational practice is the device known as accreditation, which includes voluntary self-evaluation by a school and appraisal by a group of its peers. This process operates through State bodies and nationally recognized accrediting agencies and associations. These agencies or associations have established educational criteria to evaluate institutions in terms of their own objectives and to ascertain whether programs of educational quality are being maintained. They provide institutions with continued stimulus for improvement to insure that accreditation or accredited status may serve as an authentic index of educational quality.

The accrediting procedure consists of five steps: (1) establishment of criteria, (2) a self-evaluation study by the institution or the program seeking accreditation, (3) evaluation of the institution by competent authorities to determine whether it meets the established criteria, (4) publication of a list of institutions that meet the criteria, and (5) periodic reviews to ascertain whether accredited institutions continue to meet the criteria. Institutions accepted by an accrediting agency or association as meeting its criteria are said to be accredited or approved. One of the best available methods of ascertaining the general standing or quality of an institution of higher education in the United States is to examine its accreditation status.

Institutions with liberal arts and general programs and, in some cases, those with special programs may be accredited by one of six regional accrediting associations. Regional accreditation applies to the entire institution. It indicates that each constituent unit is achieving its own particular aims satisfactorily, although not necessarily all on the same level of quality.

The regional associations are indicated throughout this directory by the following abbreviations:

> (Note: The symbol # preceding any of the following abbreviations indicates that the institution is provisionally accredited, accredited with some reservation, or approved on probation.)

E New England Association of Colleges and Secondary Schools,
Commission on Institutions of Higher Education

M Middle States Association of Colleges and Secondary Schools,
Commission on Higher Education

N North Central Association of Colleges and Secondary Schools,
Commission on Institutions of Higher Education

NW Northwest Association of Secondary and Higher Schools,
Commission on Higher Schools

S Southern Association of Colleges and Schools,
Commission on Colleges

W Western Association of Schools and Colleges,
Accrediting Commission for Senior Colleges and Universities
and Accrediting Commission for Junior Colleges

JE, JM, JN, JNW, JS, or JW indicates a 4-year college accredited by the regional association as a junior college.

Professional and specialized schools and programs are accredited by the following associations: (The abbreviations are those used throughout the directory to represent accreditation by the appropriate organization.)

ADNUR - National League for Nursing: associate degree program in nursing
ANEST - American Association of Nurse Anesthetists: nurse anesthesia
ARCH - National Architectural Accrediting Board: architecture
ART - National Association of Schools of Art, Committee on Admissions and Accreditation: art
AUD - American Speech and Hearing Association: audiology
BI - Accrediting Association of Bible Colleges: Bible college education
BUS - American Association of Collegiate Schools of Business: business
CHEM - American Chemical Society, Committee on Professional Training: chemistry
CLPSY - American Psychological Association: clinical psychology
COPSY - American Psychological Association: counseling psychology
DA)
DENT) - American Dental Association, Council on Dental Education:
DH) dental assistant, dentistry, dental hygiene, dental laboratory
DT) technician education
ENG - Engineers Council for Professional Development: engineering

FOR - Society of American Foresters: forestry
FUSER - American Board of Funeral Service Education: funeral service education
HA - Accrediting Commission on Graduate Programs in Hospital Administration: hospital administration
JOUR - American Council on Education for Journalism, Accrediting Committee: journalism
JRCB - Accrediting Commission for Business Schools: junior college of business
LAW - American Bar Association, Section of Legal Education and Admissions to the Bar: law
LDAR - American Society of Landscape Architects: landscape architecture
LIB - American Library Association, Committee on Accreditation: librarianship
MED)- American Medical Association and Association of American
MED-B) Medical Colleges, Liaison Committee on Medical Education:
medicine, basic medical sciences
MLT - Accrediting Bureau of Medical Laboratory Schools: medical laboratory technician education
MRA)- American Medical Association, Council on Medical Education:
MRT) records administrators, medical record technican education,
MT) medical technology
MUS - National Association of Schools of Music: music
NUR - National League for Nursing: baccalaureate and higher degree programs in nursing
OPT - American Optometric Association, Council on Optometric Education: optometry
OSTEO - American Osteopathic Association: osteopathic medicine
OT - AMA, Council on Medical Education: occupational therapy
PHAR - American Council on Pharmaceutical Education: pharmacy
PH - American Public Health Association: public health
PN - National League of Nursing: Nursing (practical nurse programs)
PNE - National Association for Practical Nurse Education and Services, Inc.: Nursing (practical nurse programs)
POD - American Podiatry Association, Council on Education: podiatry
PT - AMA, Council on Medical Education: physical therapy
RESTH - AMA, Council on Medical Education: Respiratory (inhalation) Therapy
RT - AMA, Council on Medical Education: radiologic technology
SP - American Speech and Hearing Association: speech pathology
SRCB - Accrediting Commission for Business Schools: senior college of business
SW - Council on Social Work Education, Commission on Accreditation: graduate social work
TECH - Engineers Council for Professional Development: engineering technology (2-year program)
TED - National Council for Accreditation of Teacher Education: teacher education
THEOL - American Association of Theological Schools: theology
VET - American Veterinary Medical Association, Council on Education: veterinary medicine

The U. S. Office of Education does not accredit, recommend, or approve any school or educational institution.

Institutions qualifying on the basis of State approval or accreditation and those meeting either criterion 2 or 3 shown on page vii are carried without symbols designating these categories.

Note: Addresses of the accrediting associations listed above can be found in appendix F.

PREACCREDITED STATUS

The customary route for institutions seeking regional accreditation is to pass through a preliminary stage known as Candidate for Accreditation, which is defined as follows by the Federation of Regional Accrediting Commissions of Higher Education:

> Candidate for Accreditation is a status of affiliation with a regional accrediting commission which indicates that an institution has achieved initial recognition and is progressing toward, but does not assure, accreditation.
>
> The Candidate for Accreditation classification is designed for postsecondary institutions which may or may not be fully operative. In either case the institution must provide evidence of sound planning, the resources to implement these plans, and appear to have the potential for attaining its goals within a reasonable time.

Professional accrediting agencies that grant preaccredited status use varying terminology to represent satisifactory assurance of the institution's ability to achieve accreditation status within a reasonable time.

ARRANGEMENT OF DATA

Generally, institutions are listed alphabetically under the States in which they are located. A branch of an institution is listed as a unit following the parent institution. When there are two or more branches, the branches are listed alphabetically. When an institution is comprised of two or more campuses reporting directly to the central administration, the campuses are listed in alphabetical order. Generally, components of multicampus institutions are subsumed under a "central office." Thus, an identification code, as well as a name and address, is provided for the institution as a whole in addition to the individual campuses. Most multicampus institutions reported information on the overall administrative staff; but, when this was not done, the name of the chief administrative officer of the institution (such as the president or chancellor) and his business address are listed.

In all surveys and publications related to the Higher Education General Information Survey (HEGIS), institutional systems, multicampus institutions, main campuses, and branch campuses are defined as follows:

> Institutional System. A complex of two or more institutions of higher education, each separately organized or independently complete, under the control or supervision of a single administrative body.
>
> Multicampus Institution. An organization bearing resemblance to an institutional system, but unequivocally designated as a single institution with either of two organizational structures: (1) an institution having two or more campuses responsible to a central administration (which central administration may or may not be located on one of the administratively equal campuses) or (2) an institution having a main campus with one or more branch campuses attached to it.
>
> Main Campus. In those institutions consisting of a main campus and one or more branch campuses, the main campus (sometimes called the parent institution) is usually the location of the core, primary, or most comprehensive program. Unless the institution-wide or central administrative office of such institutions is reported to be at a different location, the main campus is also the location of the central administrative office.
>
> Branch Campus. A campus of an institution of higher education which is organized on a relatively permanent basis (i.e., has a relatively permanent administration), which offers an organized program or

programs of work of at least 2 years (as opposed to courses), and which is located in a community different from that in which its parent institution is located. Being in a community different from that of the parent institution means that a branch is located beyond a reasonable commuting distance from the main campus of the parent institution.

Institutions that are part of a system are grouped alphabetically immediately following the name and administrative staff of the system. If a system requested an order other than an alphabetical listing, the request was honored. For example, a system that has universities, 4-year colleges, and junior colleges may have requested an alphabetical listing within each level of institution. The name of each branch of an institution or an institution in a system of institutions is preceded by an (*) and printed in a slightly smaller type size.

EXPLANATION OF DATA

FICE Code

The Federal Interagency Committee on Education (FICE) code is listed for each institution. This is an unstructured number that is unique for each institution. Except as indicated below, it will remain as the institutional identification number for the life of the institution; should the institution cease to exist, the number will be inactivated.

The primary utility of the FICE code is the precise identification of a particular institution of higher education. In addition to this primary use, for purposes of computer records and processing, a FICE code is assigned to the aggregate or totality of a multicampus institution or an institutional system. This FICE code number is known (somewhat imprecisely) as the "all-campus" number for a multicampus institution or the "all-institution" number for an institutional system. This number permits the National Center for Educational Statistics, in the analysis of data, to code the aggregate data for multicampus institutions or systems of institutions. A list of these aggregates and the FICE code for each of them is given in appendix L.

There are apparent, but not real, exceptions to the immutability of the FICE codes. These apparent exceptions occur when institutions acquire or establish new branches, when established branches are closed or lose branch status, or when institutions are assembled into new systems. Some examples of these exceptions follow:

1. An institution has a remotely located component that for many years it did not consider a branch. Now it accords a separate identity as a branch to this component. New FICE codes now are given to the main campus and to the branch; the old FICE code assumes a new identity as the "all-campus" code for the total entity. In this way, the historical consistency of the statistical data filed by FICE code is maximized.

2. An institution acquires a newly developed and established branch. The old name of the institution now applies both to the old institution and to its new branch. The old FICE code is now used to designate the main campus (which is actually the quantitative successor to the old institution); but new FICE codes are assigned to each of the following: the branch, the central office, and the institutional "all-campus" aggregate.

3. An institution closes an established branch. The main campus, which will now be a single institution, retains its FICE code number. However, if an established branch loses branch status but is still a component, the now single-campus institution assumes the "all-campus" FICE code number.

4. A previously independent institution becomes part of a newly organized system which contains a number of institutions, and the system assumes the name of the previously independent institution. If an analysis of the change demonstrates that historical consistency of statistics will not be served by preserving old FICE numbers, some units and aggregates of this new system will receive totally new FICE numbers, and the old number of the institution will not be used to identify the new system. This will appear to be a change in FICE code; actually it is not, since the name now describes a new and different entity. On the other hand, if historical consistency and understanding of the data would be served by preservation of the old FICE code, it may be preserved by having it now designate that part of the system that previously had the old name.

Enrollment

The total enrollment of students in each institution or, in the case of multicampus institutions, in each component is given as of fall 1972. Undergraduate and graduate, resident and extension, and full-time and part-time students are included. Excluded are students in noncredit adult education courses; students taking courses at home by correspondence, radio, or television; students enrolled only for "short courses"; auditors; students studying abroad; and students enrolled at a branch campus or extension center of an American institution in a foreign country.

The total enrollment for an institution shown in this directory may differ from the figure presented in the opening fall enrollment publications.* The opening fall figure is reported early in the fall term, and respondents are asked to include estimates for any group of students that should be included but for which an actual count is not available. The fall 1972 enrollment figure used in the directory was reported in 1973.

An advance enrollment figure for fall 1973 was obtained for those institutions not included in the directory in 1972. Institutions that have obtained preaccredited status but were not offering classes in fall 1973 are listed in appendix A.

Student Body

The sex designation for the student body of each institution or campus included in the directory is shown as men, women, coeducational, or coordinate (separate colleges for men and for women) as reported by the institution.

Several institutions, traditionally for men only or for women only and so listed in the directory, indicated on their reports that, although their enrollments were almost all of one sex, they had an open-door policy for students of either sex. A few added the phrase "on a commuting basis only." Several noted that the reported enrollment included a given number of men or women day students.

Calendar System

The calendar system on which each institution or campus operates is reported as quarter, semester, trimester, 4-1-4 (months) plan, or "other." Any other calendar system not classifiable as quarter, semester, trimester, or the 4-1-4 plan, is designated "other."

---

*U.S. Office of Education, Fall Enrollment in Higher Education, 1972, most recent in series.

Control or Affiliation

The control or affiliation of each institution is recorded as reported by the institution. Public institutions are those under Federal, State, State-related, local, or State and local control. Private institutions are reported as independent, nonprofit; organized as profitmaking; or affiliated with a religious group. Provision was made for reporting affiliation with 71 religious groups, and an "other" category was provided for affiliation not covered by the specific groups named.

Categories of control or affiliation used are:

Control

Highest Level of Offering

The following categories have been established to designate institutions by highest level of offering:

Two but less than 4 years--refers to at least 2 but less than 4 years beyond 12th grade; includes junior colleges, community colleges, technical institutes, and normal schools offering at least a 2-year program of college-level studies, either leading to an associate degree or wholly or principally creditable toward a baccalaureate degree.

Four- or 5-year baccalaureate--includes those institutions offering programs of studies leading to the customary bachelor of arts or bachelor of science degree, requiring at least 4 but less than 6 years.

First-professional degree--includes those institutions that offer the academic requirements for selected professions based on programs that require at least 2 academic years of previous college work for entrance and a total of at least 6 years of college work for completion; e.g., medicine (M.D.), law (LL.B., J.D.), theology (B.D.), dentistry (D.D.S.), veterinary medicine (D.V.M.), osteopathic medicine (D.O.).

Master's--includes those institutions offering the customary first graduate degree, master of arts or master of science degree in the liberal arts and sciences, or the next degree in the same field after the first-professional degree; e.g., Master of Science in Surgery (M.S. in Surgery), Master of Law (LL.M.), and Master of Science in Dentistry (M.S.D.).

Beyond master's but less than doctorate--includes those institutions offering "postgraduate predoctoral degrees"; e.g., civil engineer, electrical engineer, specialist in education.

Doctorate--includes those institutions offering the Ph.D. or its equivalent in any field; e.g., Doctor of Education, Doctor of Juridical Science, Doctor of Public Health.

Undergraduate non-degree-granting--includes those institutions offering at least 4 years of undergraduate work but not conferring a bachelor's degree. Such institutions may give diplomas, certificates of completion, or similar awards.

Graduate non-degree-granting--includes institutions offering work beyond the bachelor's level but not conferring degrees. In some instances, the degrees are conferred by cooperating institutions.

Postdoctoral research only--includes institutions operating solely for the purpose of research at the postdoctoral (post-Ph.D. or equivalent) level.

Type of Program

The designations of the types of programs are explained below:

Terminal-occupational below bachelor's--refers to programs of at least 1 but less than 4 years beyond high school designed to provide students with knowledge and skills necessary for immediate employment but for which credits are not ordinarily acceptable toward baccalaureate degree programs.

Two-year principally bachelor's creditable--refers to the first 2 years of college work; i.e., the equivalent of the freshman and sophomore years or the lower division of a bachelor's degree program. Such a program may be general or preprofessional; it may serve as the first 2 basic years of a bachelor's degree in a liberal arts program, in a teacher preparatory program, or in a professional program.

Liberal arts and general--refers to 4- or 5-year baccalaureate or postbaccalaureate degree programs in the liberal arts and sciences. It may also include preprofessional programs (such as prelaw, prelibrary science, pre-social work, and premedicine).

Teacher preparatory programs--as used here, must be of at least 4 years' duration.

Professional programs--as used here, are separate programs of at least 4 years beyond high school, outside liberal arts and general, and organized around a professionally oriented academic discipline. Included are 4- or 5-year degree programs in agriculture, business administration, engineering, etc., as well as those programs leading to the 6-year-or-more first-professional degree defined in the section on highest level of offering.

Administrative Officers

The instructions that accompanied the survey form requested institutions to list only their chief administrative officers; i.e., to limit the list of staff members to key persons. If two or more positions are concerned with the same area of responsibility (e.g., a business manager and comptroller, or a treasurer and comptroller), institutions were asked to list only the higher position. If one person performs more than one function, he or she should be listed only once, in the most important function or in a combination of functions (such as registrar and admissions officer). The only instance in which a person should be listed twice is when a chief administrative officer serves also as the dean of a school or college.

It was requested that assistant directors, department heads, administrative assistants, directors of residence halls, and directors of athletics not be listed. If reported, they were deleted. The only exception was for assistant directors in some 2-year institutions that reported the chief administrative officer as director and all other officers as assistant directors for specific functions.

Assistant deans reported were retained if their functions were not duplicated. For example, a number of institutions reported a dean of students and, in addition, the dean of women as assistant dean or assistant dean of women. Also, some institutions reported one of their chief administrative officers as dean of the college and all other administrative deans as assistants with specific functions, such as assistant dean for student affairs. Assistant deans were deleted if the function was duplicated. For example, when both a dean and an assistant dean of the college of arts and sciences were reported, the assistant dean was deleted.

It will be noted that an additional numeric coding precedes the title of all administrative staff. This permits these data to serve an additional purpose for those who utilize the directory in the form of a computer tape, and also provides more specific information on the areas of responsibility of the various officers.

The code numbers in question refer to a specific functional description of an administrative officer in a college or university, without regard for the actual title. Thus, whether the chief business officer has the title of vice president for business, or treasurer, or comptroller, or business manager, his code number is 03.

These code numbers and the generic descriptions of administrative function are drawn from the Manual for Manpower Accounting in Higher Education, Preliminary Edition, by W. John Minter, National Center for Higher Education Management Systems at the Western Institute Commission for Higher Education, in cooperation with the College and University Personnel Association, under contract with the U.S. Department of Health, Education, and Welfare/Office of Education. The pertinent sections of the manual are reproduced in appendix M.

There are two cases in which the numeric coding lacks precision. Where a position is coded 00, this means that the position and the functions of its incumbent are not included in the referenced manual, but the position was deemed to be of such importance that listing was required. The other instance is the coding which applies to administrative personnel with a religious orientation, whether heads of instructional units or counselors.

The instructions for the survey form stipulated that vacant positions be omitted except for such key positions as president, vice president, business officer, dean, registrar, or librarian. When other than the usual key positions were reported as vacant, they are not listed.

Deans of schools and colleges within an institution are shown after the administrative officers, except when an institution requested a different order or rank-sequence.

METHODOLOGY

The request for information to be published in this directory was included in the Higher Education General Information Survey (HEGIS) package mailed to institutions of higher education, or to State agencies that cooperate with the Office of Education in data collection, in April 1973. Copies of the form "Institutional Characteristics of Colleges and Universities" were included in the packages sent to those institutions that had not been listed in the directory in the previous year. Institutions included in the Directory the previous year received a computer printout of their information, with the request that it be updated for 1973-74.

The National Center for Educational Statistics has a cooperative data-collection arrangement with more than 30 States. In 25 of these States, State officials handle mail-out and data collection for all institutions; in two States, for selected institutions. In the other States, an extra copy of each form to be completed and mailed to the State department of education is included in the package mailed to each institution. This cooperative arrangement reduces the number of requests for data made upon the institutions and improves the response rate for the various portions of the package. Inconsistencies in the completed reports were resolved by contacting the State coordinating officials who in turn contacted the institutions when necessary.

Institutions were requested to supply the information not later than July 15, 1973. However, because some institutions were unable to provide the information earlier, data collection was not completed until September 18, 1973. Institutions not previously included that had applied for directory listing and that had already filed institutional characteristics information are included if they were certified as eligible for listing at any time prior to the closeout of data collection on September 18, 1973.

Each completed report was sent to the Accreditation and Institutional Eligibility Staff (AIES) of the Bureau of Postsecondary Education (formerly Bureau of Higher Education) of the U.S. Office of Education for certification of the institution's eligibility for listing in the directory and for verification of the accreditation reported.

Only those institutions certified by AIES as eligible for listing (i.e., certified as meeting at least one of the criteria specified on page vii of this publication) are included.

ABBREVIATIONS

Names of institutions were limited to 25 letters or spaces. For a few institutions, such as the rabbinical academies, it was impossible to use the standard abbreviations within this limitation. When this happened, thi institutions were requested to abbreviate their own names as they would like them to appear.

Functional titles of administrative officers were spelled out when ever possible within the 30 letters or spaces allowed. The abbreviations used are listed in appendix J.

Table 1.-Number of institutions of higher education, by highest level of offering, institutional control, and State or other area: Aggregate United States, 1973-74

INSTITUTIONS
By State[†]

The "undergraduate tuition and required fees" shown is the dollar amount reported by the institution for 1 academic year paid by a typical full-time undergraduate student. See instructions, appendix H.

Asterisk (*) identifies an institution as a branch campus (also printed in slightly smaller type) of the parent institution preceding it.

[†] Includes District of Columbia and, separately, U.S. Service Schools, American Samoa, Canal Zone, Guam, Puerto Rico, Trust Territory of the Pacific Islands, and the Virgin Islands.

APPENDIX G

Consortia of Institutions of Higher Education

The following list of consortia of institutions of higher education has been compiled by Dr. Lewis D. Patterson of the American Association for Higher Education. Criteria for inclusion on the list are, as follows:

Each consortium:
1. is a voluntary formal organization
2. has three or more member organizations
3. has multi-academic programs
4. is administered by at least one full-time professional and
5. has a required annual contribution or other tangible evidence of long-term commitment of member institutions.

Academic Affairs Conference of
Midwestern Universities
Hulman Center, Room 306
Terre Haute, Indiana 47809
Harold E. Walker
Executive Director
Telephone: 812 232-6311

Alabama Center for Higher Education
2121 Eighth Avenue North, Suite 1011
Birmingham, Alabama 35203

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
OFFICE OF EDUCATION
WASHINGTON, D.C. 20202

HIGHER EDUCATION GENERAL INFORMATION SURVEY
INSTITUTIONAL CHARACTERISTICS OF COLLEGES AND UNIVERSITIES: 1973-74
(SEE INSTRUCTIONS ON REVERSE BEFORE COMPLETING THIS FORM)

O.M.B. NO. 51-R0560
APPROVAL EXPIRES: 6/30/75

DUE DATE Not later than July 15, 1973	INSTITUTION CODE NUMBER

1. CORPORATE NAME OF INSTITUTION *(covered by this report)*	2. ADDRESS *(number, street, city, State, and ZIP code)*	
3. AREA CODE - TELEPHONE NUMBER *(of institution)*	4. COUNTY	5. U.S. CONG. DIST.

6. THE INSTITUTION COVERED BY THIS REPORT IS *(check only one)*

(a) ☐ A SINGLE-CAMPUS INSTITUTION

(b) ☐ A MAIN CAMPUS *("Parent" institution)* WITH ONE OR MORE BRANCH CAMPUSES AND/OR OTHER CAMPUSES *(specify in item 8 below)*

(c) ☐ A BRANCH CAMPUS OF A PARENT INSTITUTION *(write the name and address of parent institution below)*

(d) ☐ ONE OF THE ADMINISTRATIVELY EQUAL CAMPUSES OF A MULTI-CAMPUS INSTITUTION

7. IF THE INSTITUTION COVERED BY THIS REPORT IS INCLUDED IN AN "INSTITUTIONAL SYSTEM," WRITE THE NAME OF THE SYSTEM BELOW.

8. IS THE INSTITUTION COVERED BY THIS REPORT A PARENT INSTITUTION, WITH ONE OR MORE BRANCHES AND/OR OTHER CAMPUSES?
☐ YES ☐ NO *(If "YES," enter the name and address of the main campus, all branches, and other campuses)* *(see definitions on reverse)*

CATEGORY	NAME OF CAMPUS	ADDRESS *(number, street, city, State, and ZIP code)*
MAIN CAMPUS	*(1)*	
BRANCH CAMPUS	*(2)*	
BRANCH CAMPUS	*(3)*	
BRANCH CAMPUS	*(4)*	
BRANCH CAMPUS	*(5)*	
BRANCH CAMPUS	*(6)*	

NOTE: Use Arabic numbers for dates.	9. DATE INSTITUTION ESTABLISHED		10. DATE POSTSECONDARY OR COLLEGE WORK FIRST OFFERED		11. DATE DEGREES OR OTHER COMPLETION AWARDS FIRST GRANTED	
	MONTH	YEAR	MONTH	YEAR	MONTH	YEAR

12. IS YOUR INSTITUTION ACCREDITED BY ONE OF THE NATIONALLY RECOGNIZED REGIONAL ACCREDITING ASSOCIATIONS?
☐ YES ☐ NO *(If "YES," check below the regional association that accredits your institution)*

(1) ☐ MIDDLE STATES ASSOCIATION OF COLLEGES AND SECONDARY SCHOOLS, COMMISSION ON INSTITUTIONS OF HIGHER EDUCATION	*(4)* ☐ NORTHWEST ASSOCIATION OF SECONDARY AND HIGHER SCHOOLS, COMMISSION ON HIGHER SCHOOLS
(2) ☐ NEW ENGLAND ASSOCIATION OF COLLEGES AND SECONDARY SCHOOLS	*(5)* ☐ SOUTHERN ASSOCIATION OF COLLEGES AND SCHOOLS
(3) ☐ NORTH CENTRAL ASSOCIATION OF COLLEGES AND SECONDARY SCHOOLS, COMMISSION ON COLLEGES AND UNIVERSITIES	*(6)* ☐ WESTERN ASSOCIATION OF SCHOOLS AND COLLEGES, ACCREDITING COMMISSION FOR SENIOR COLLEGES AND UNIVERSITIES AND ACCREDITING COMMISSION FOR JUNIOR COLLEGES

13. IF YOUR ANSWER TO ITEM 12 IS "NO," IS YOUR INSTITUTION A CORRESPONDENT OR A RECOGNIZED CANDIDATE FOR ACCREDITATION WITH A NATIONALLY RECOGNIZED REGIONAL ACCREDITING ASSOCIATION? ☐ YES ☐ NO *(If "YES," enter the name of the association)*

14. IF YOUR ANSWERS TO ITEMS 12 AND 13 ARE "NO," LIST IN "A" BELOW THE NAMES AND ADDRESSES OF 3 INSTITUTIONS ACCREDITED BY NATIONALLY RECOGNIZED ACCREDITING ASSOCIATIONS AT WHICH CREDITS EARNED AT YOUR INSTITUTION ARE AND HAVE BEEN ACCEPTED ON THE SAME BASIS AS IF TRANSFERRED FROM AN ACCREDITED INSTITUTION, AND IN "B" THE NAMES AND DATES OF TRANSFER OF 3 OF YOUR STUDENTS OR GRADUATES WHO HAVE BEEN ENROLLED IN EACH OF THE INSTITUTIONS WITHIN THE PAST 5 YEARS.

REPLACES OE FORM 2300-1, 3/72, WHICH IS OBSOLETE.

PLEASE READ THESE INSTRUCTIONS AND DEFINITIONS BEFORE COMPLETING THE FORM.
MAIL COMPLETED FORM TO U.S. OFFICE OF EDUCATION.

INSTRUCTIONS

NOTE: Data acquired in this survey will be published in listings by individual institutions.

Please provide a separate set of responses on a separate form for the main campus and for each branch or other campus *(but not extension centers).* Indicate in Item 8, on each copy of the form, the unit covered by the report.

For the list of administrative positions in Item 32, give the name of the person who holds each position that is recognized officially at the institution or campus. Leave blank all positions that are not applicable; do not add other positions. If one person holds more than one of the listed positions, list him ONLY IN THE ONE POSITION which has the highest rank; the only exception is when a director of a primary service may also be a dean or director of a school or college. Do not list associates, assistants, or deputies to any of the positions.

If you need additional clarification on any of the items, or if you have any other questions, please call Mrs. Hazel C. Poole, (202) 962-7301, in Washington, D.C.

In returning the completed form, INCLUDE 2 COPIES OF YOUR CURRENT CATALOG. A self-addressed label, which requires no postage, is provided for this purpose.

DEFINITIONS

1. **INSTITUTIONAL SYSTEM.** A complex of two or more institutions of higher education, each separately organized or independently complete, under the control or supervision of a single administrative body.

2. **MULTI-CAMPUS INSTITUTION.** An organization bearing a resemblance to an institutional system, but unequivocally designated as a single institution with either of two organizational structures: (1) an institution having two or more campuses responsible to a central administration *(which central administration may or may not be located on one of the administratively equal campuses)* or (2) an institution having a main campus with one or more branch campuses attached to it.

3. **MAIN CAMPUS.** In those institutions comprised of a main campus and one or more branch campuses, the main campus *(sometimes called the parent institution)* is usually the location of the core, primary, or most comprehensive program. Unless the institution-wide or central administrative office for such institutions is reported to be at a different location, the main campus is also the location of the central administrative office.

4. **BRANCH CAMPUS.** A campus of an institution of higher education which is organized on a relatively permanent basis *(i.e., has a relatively permanent administration),* which offers an organized program or programs of work of at least 2 years *(as opposed to courses),* and which is located in a community different from that in which its parent institution is located. To be considered in a community different from that of the parent institution, a branch shall be located beyond a reasonable commuting distance from the main campus of the parent institution.

5. **FIRST PROFESSIONAL DEGREE (Item 22(6)).** A degree which signifies the completion of the academic requirements for selected professions based on programs which require at least two academic years of previous college work for entrance and which require a total of at least six years of college work for completion. Include dentistry, law, medicine, theology, veterinary medicine, etc.

6. **PROFESSIONAL PROGRAM (Item 23(7)).** A professional program is a program which requires AT LEAST a four- or five-year bachelor's degree, or equivalent, and prepares for the practice of a profession. The term includes bachelor's degree programs in Business Administration, Engineering, Fine Arts, Medical Technology, Nursing, Occupational or Physical Therapy, Pharmacy, etc., as well as those programs leading to the first professional degree defined above.

7. **FULL-TIME STUDENTS** are those carrying at least 75% of a normal load. NORMAL LOAD: The number of credit hours *(or other units required for graduation)* divided by the number of semesters, quarters, etc., normally required for graduation.

15. IS YOUR INSTITUTION ACCREDITED BY ONE OR MORE STATE AGENCIES? ☐ YES ☐ NO *(If "YES," enter the name(s) of the agency or agencies and the purpose for which approved (accredited))*	NAME OF INSTITUTION

16. DOES YOUR INSTITUTION HAVE ONE OR MORE OF THE PROGRAMS LISTED BELOW ACCREDITED BY THE CORRESPONDING NATIONALLY RECOGNIZED PROFESSIONAL ASSOCIATION(S)? ☐ YES ☐ NO *(If "YES," check below ALL of the programs accredited at your institution)*

(1)	☐	**BI** Bible College Education *(3-year institutions, 4- and 5-year colleges)* Accrediting Association of Bible Colleges
(2)	☐	**MLT** Medical Laboratory Technician Education Accrediting Bureau of Medical Laboratory Schools
(3)	☐	**JRCB** Business *(private junior colleges)*
(4)	☐	**SRCB** Business *(private senior colleges)* Accrediting Commission for Business Schools
(5)	☐	**HA** Hospital Administration *(graduate degree programs)* Accrediting Commission on Graduate Education for Hospital Administration
(6)	☐	**BUS** Business *(baccalaureate and master's degree programs)* American Association of Collegiate Schools of Business
(7)	☐	**ANEST** Nurse Anesthesia *(professional schools)* American Association of Nurse Anesthetists
(8)	☐	**THEOL** Theology *(graduate professional schools)* American Association of Theological Schools
(9)	☐	**LAW** Law *(professional schools)* American Bar Association
(10)	☐	**FUSER** Funeral Service Education *(independent schools, collegiate departments)* American Board of Funeral Service Education
(11)	☐	**CHEM** Chemistry *(baccalaureate professional programs)* American Chemical Society
(12)	☐	**JOUR** Journalism *(baccalaureate professional programs)* American Council on Education for Journalism

B. GRADUATE STUDENTS *(typical full-time student, see definitions, page 2)*		
1. PRIVATELY CONTROLLED INSTITUTIONS	4	
2. PUBLICLY CONTROLLED INSTITUTIONS		
a. In-State Students *(report full amount)*	5	
b. Out-of-State Students *(report full amount)*	6	
ROOM AND BOARD CHARGES		
C. ROOM *(for the academic year)*	7	
D. BOARD *(for the academic year)*	8	
DAYS PER WEEK FOR WHICH BOARD CHARGE IS APPLICABLE *(check one)*	9	☐ 5 ☐ 6 ☐ 7

INSTRUCTIONS

1. It is recognized that tuition and required fees and room and board charges are not the same for all students at an institution. Therefore, in selecting the single figure that will be most appropriately representative of your institution and comparable to other institutions, please be guided by the following:

a. Include all fixed sum charges which are REQUIRED of such a large proportion of all students that the student who does not pay the charge is an exception. If the amount varies depending upon the class level of the student, subject matter major, the courses taken, etc., estimate the typical or modal amount for charges which are required.

b. Do not include any charges which are clearly optional.

2. Report charges for the ACADEMIC YEAR. The academic year is the period of the regular session, generally extending from September to June, usually divided into 2 semesters, 3 quarters, or 2 trimesters.

3. If the institution has a single lump-sum charge for tuition, required fees, room, and board, please apportion the lump-sum charges among the appropriate categories.

TUITION AND REQUIRED FEES

ITEM A. Undergraduate students are those who have not obtained a bachelor's degree: (1) all students in bachelor's degree programs which require at least 4 years but fewer than 6 years of college work; and (2) all students in occupational or general study programs which require 1, 2, or 3 years of college work and which are designated to prepare for immediate employment, or to provide general education rather than as the first 1, 2, or 3 years of a bachelor's degree program.

ITEM B. Graduate students are those who have attained at least one standard bachelor's degree or first-professional degree and are or could be candidates for master's or doctor's degrees. DO NOT include candidates for the degrees of DSC, Pod.D, DDS, DMD, MD, OD, DO, DVM, LLB, JD, BD, or other first-professional degrees.

ROOM AND BOARD CHARGES

ITEM C. Report as room charge *(academic year)* the modal charge to a typical student sharing a room with one other student.

ITEM D. Report as the board charge *(academic year)* the modal charge to a typical student. Please check the number of days per week for which the board charges are applicable *(5, 6, or 7)*.

If your institution makes a combined charge for room and board, please make an estimate of the proportions of the total charge in each of the categories.

APPENDIX M

Administrative Officers Descriptions and Codes

The following is excerpted from the Manual for Manpower Accounting in Higher Education, Preliminary Edition (pp. 72-80), by W. John Minter of the National Center for Higher Education Management Systems at WICHE (Western Interstate Commission for Higher Education), in cooperation with the College and University Personnel Association, under contract with the U. S. Department of Health, Education, and Welfare/Office of Education.

Administrative Titles and Codes

The list of administrative titles is compiled from three sources: the College and University Personnel Association Compensation Survey, the U. S. Office of Education Higher Education General Information Survey, and the National Education Association Salary Survey schedule. Definitions are supplied by the College and University Personnel Association.

(01) President (Chief Executive Officer). The principal administrative official responsible for the direction of all operations of an institution of higher education. Usually reports to a governing board.

(02) Chief Academic Officer. The senior administrative official for the direction of the academic program of the institution. Functions typically include teaching, research, extension, admissions, registrar, and library activities.

(03) Chief Business Officer. The senior administrative official responsible for the direction of business and financial affairs. Functions supervised typically include purchasing, physical plant management, property management, auxiliary enterprises, personnel services, investments, budgeting, accounting, and related matters.

(04) Chief Development Officer. The senior administrative official responsible for institutional development programs. Functions typically include fund raising and, in the absence of an organizational coequal specifically assigned to the function, public relations, alumni relations, and information office activities.

(05) Chief Librarian. Directs the activities of all institutional libraries. Functions typically include selection and direction of professional staff, acquisitions, technical services, audiovisual services, special collections, and may include the direction of a school of library science.

(06) Chief Planning Officer. The principal administrative official responsible for the direction of planning activities. Functions supervised typically include facilities planning and also include budget planning, institutional studies, and related activities.

(07) Chief Public Relations Officer. The senior administrative official responsible for public relations programs. Functions typically include public relations, legislative relations, alumni relations, and information office functions.

(08) Chief Student Life Officer. The senior administrative official responsible for the direction of extracurricular student life programs. Functions typically include student counseling and testing, student placement, student union, relationships with student organizations, and related functions.

(09) Dean of Men. Directs the student life activities solely concerned with male students. Functions typically include fraternity relations, male discipline, and related matters.

(10) Dean of Women. Directs the student life activities solely concerned with female students. Functions typically include sorority relations, female discipline, and related matters.

Dean or Director. Serves as the principal administrator for the instructional program indicated.

(11) Dean/Dir., Agriculture
(12) Dean/Dir., Architecture
(13) Dean/Dir., Arts and Sciences
(14) Dean/Dir., Business
(15) Dean/Dir., Continuing Education
(16) Dean/Dir., Dentistry
(17) Dean/Dir., Education
(18) Dean/Dir., Engineering
(19) Dean/Dir., Evening Division
(20) Dean/Dir., Extension
(21) Dean/Dir., Fine Arts
(22) Dean/Dir., Graduate Programs
(23) Dean/Dir., Home Economics
(24) Dean/Dir., Journalism
(25) Dean/Dir., Law
(26) Dean/Dir., Library Science
(27) Dean/Dir., Medicine
(28) Dean/Dir., Music
(29) Dean/Dir., Natural Resources

Administrative Officers Descriptions and Codes--Continued

(30) Dean/Dir., Nursing
(31) Dean/Dir., Pharmacy
(32) Dean/Dir., Physical Education
(33) Dean/Dir., Public Health
(34) Dean/Dir., Social Work
(35) Dean/Dir., Special Session
(36) Dean/Dir., Technology
(37) Dean/Dir., Veterinary Medicine
(38) Dean/Dir., Vocational Education

(39) Director, Admissions. The administrative official with primary responsibility for the admission of undergraduates. May also be responsible for the admission of graduate and professional students, or for scholarship administration or similar functions.

(40) Director, Alumni Association. The administrative official responsible for the direction of alumni activities. Functions typically include alumni records, alumni fund, class reunions, alumni publications, and activities relating campus and alumni interests.

(41) Director, Athletics. Directs intramural and intercollegiate athletic programs. Functions typically include scheduling and contracting for athletic events, employment and direction of athletic coaches, publicity, ticket sales, and equipment and facilities maintenance.

(42) Director, Budget. The administrative official responsible for preparation and review of operating and capital budgets. Functions supervised typically include analysis of expenditures and revenue, preparation of financial statements, preparation of revenue and expense estimates, and related matters.

(43) Director, Community Services. Directs or coordinates special (usually noncredit) educational, cultural, and recreational services to the community.

(44) Director, Computer Center. Directs the institution's major computing activities. Functions typically include computer programming, systems studies, and computer operations.

(45) Director, Food Services. Administers all institutional food services whether directly managed and operated or catered.

(46) Director, Information Office. Directs the provision of information about the institution to students, faculty, and the public. Functions typically include news media relations, preparation or review of news releases and photographs, and preparation and distribution of newsletters, magazines, and other publications.

(47) Director, Institutional Studies. The administrative staff official responsible for the conduct of research and studies on the institution itself. Functions performed or supervised typically include data collection, analysis, reporting, and related staff work in support of decision making.

(48) Dir./Principal Laboratory School. Serves as the principal administrator of the laboratory school.

(49) Director, Personnel Services. Administers institutional personnel policies and practices for faculty and staff. Functions typically include personnel records, benefits, staff employment, wage and salary administration, and, where applicable, labor relations.

(50) Director, Physical Plant. The senior administrative official responsible for the construction, rehabilitation, and maintenance of physical facilities. Functions typically include supervision of new construction and remodeling, grounds and building maintenance, power plant operation, parking and campus security.

(51) Director, Sponsored Research Administration. The principal administrator of research grants and contracts. Functions supervised typically include program coordination and administration of research budgets, grant and contract provisions, and similar matters.

(52) Director, Student Counseling. Directs the provision of counseling and testing services for students.

(53) Director, Student Financial Aid. Directs the administration of all forms of student aid. Functions typically include assistance in the application for loans or scholarships; administration of private, state, or federal loan programs; awarding of scholarships and fellowships; and maintenance of appropriate records.

(54) Director, Student Health. Directs the provision of student health services. Functions supervised typically include inpatient and outpatient services and may include the operation of a medical laboratory, services of physicians to athletic teams, and related functions.

(55) Director, Student Housing. Directs all residence hall operations for students. May also administer off-campus housing programs.

(56) Director, Student Placement. Directs the operation of a student placement office to provide job placement and counseling services to undergraduates, graduates, and alumni. May also be responsible for placement of students in part-time jobs inside or outside the institution.

(57) Director, Student Union. Directs the operation of a student union building and related student activities. Functions typically include supervision of food service facilities, activities programming, guest rooms, information desk, recreational facilities, and arrangements for special functions or activities.

(58) Assistant to the President. The senior professional staff assistant to the Chief Executive Officer.

(59) Bookstore Manager. Directs the operation of the campus bookstore, usually under the direction of the Chief Business Officer. Functions typically include purchase and sale of new and used books and supplies and equipment, advertising, employment and supervision of sales staff, maintenance of sales and inventory records, and related matters.

(60) Comptroller. Directs accounting, payroll, cashiering, and related functions. May also have responsibility for office services such as mail and telephone.

(61) Head Basketball Coach. Coaches the intercollegiate basketball program. Generally responsible for recruiting, coaching, and training athletes; supervision of assistant coaches; supervision of athletic residence and conditioning facilities; and similar functions.

(62) Head Football Coach. Coaches the intercollegiate football program. Generally responsible for recruiting, coaching, and training athletes; supervision of assistant coaches; supervision of athletic residence and conditioning facilities; and similar functions.

(63) Purchasing Agent. Conducts central purchasing operations for the institution. Functions typically include preparation of specifications, contracting, bidding, receiving and stores, approval of invoices, and related matters.

(64) Registrar. The administrative official with principal responsibility for student admissions and records. Functions typically include undergraduate admissions, classroom scheduling, maintenance of student records, and related matters.

(65) Staff Legal Counsel. The principal staff person responsible for advising the institution on its legal rights, obligations, or privileges. May act as agent in various transactions or serve as principal contact with other legal counsel.
